

Injury Prevention
Center

**The Hayley Petit Injury and Violence Prevention Fellowship with The Injury Prevention Center
at Connecticut Children's Medical Center**

THE HAYLEY PETIT INJURY AND VIOLENCE PREVENTION FELLOWSHIP:

The Hayley Petit Injury and Violence Prevention Fellowship was established with support from the Petit Family Foundation to honor Jennifer Hawke-Petit, Hayley Elizabeth Petit and Michaela Rose Petit. The Fellowship seeks to honor “the kindness, idealism and activism that defined their lives,” while also advancing the mission of Connecticut's Injury Prevention Center to reduce injury and violence among Connecticut’s children, adolescents and adults through research, education and training, community outreach and policy advocacy.

ABOUT THE FELLOWSHIP:

The Fellowship is offered three times a year, Fall and Spring Semester and during the summer. Each Session six (6) fellowship recipients are selected for this exciting 8-week fellowship opportunity at Connecticut Children’s Injury Prevention Center (IPC). The fellowship provides recipients with an introduction to the field of injury prevention within public health. Fellows will work with experts at the IPC to develop and design their own injury prevention-related project. **In the wake of the COVID-19 pandemic, the fellowship will be offered online, with some optional opportunities for in person learning experiences.** Selected fellows will participate in this immersion into the field of injury prevention through readings, virtual discussions, and presentations by IPC faculty and staff. Each fellowship recipient is awarded a \$500 stipend at the end of the session.

Eligibility: The fellowship is open to students who identify as women, are able to receive federally taxed wages and are currently enrolled in an undergraduate or concurrent graduate and undergraduate degree-granting program of a college or university.

Recipients must be able to meet virtually **Tuesday and Thursday mornings during the session.** In addition to the 5 hours per week of live, remote meetings, students should expect to commit an additional 2-4 hours per week of independent reading and research. Because meetings will be remote, it is essential that recipients have reliable high-speed internet access and a video camera for use during sessions.

Application Due Dates

- Summer Session: Monday June 3, 2024
- Fall Semester: Monday October 7, 2024
- Spring Semester: Monday February 3, 2025

Fellowship recipients are selected for their interest in injury and violence prevention and public health as indicated by your résumé and expressed in a one page essay that explains:

Your interest in injury and violence prevention

- a) What you hope to accomplish during the fellowship
- b) How the fellowship connects with your long term career goals

To apply, send your essay and résumé to Rebecca Beebe, PhD at rbeebe01@connecticutchildrens.org
